FURTHER INFORMATION ON EVENT ACTIVITIES

Our event is tailored to kids with additional needs that may find Halloween in the city a little overwhelming. Our specialist kids entertainer Annette Taylor is highly qualified in the field and will be able to cater to the needs of every child on the day. Our Halloween sensory disco won't be loud and scary, instead the aim is to provide a fun atmosphere to stimulate the senses in an enjoyable way. Before the disco we will have fun sensory activities including pumpkin painting with our hands, creating fun ghost leaves, creating Halloween handprint characters and colouring in Halloween fun sheets.

We will have soft mats in the room for kids to rest as an added comfort if required. We want kids to have fun in their fancy dress costumes and we will have prizes during different activities. We will have a face painter at the event as a fun option for any child that would like their face painted.

Music will be low and monitored during the event, if we find this is disturbing any child it will be switched off immediately. There will be no balloons at the event and tables will be spaced out to suit everyone that is booked to attend.

Any special requests regarding the event, please can you make us aware upon booking your space and we will try our best to accommodate your child's needs.

Please can you notify us of any food intolerances or allergies at the time of booking.

**We are really excited for the event and can't wait to see you
all there with your kids!**
